The subject task order expired as of 31 January 1960.

As submitted in your letter of 23 January 1960, the work contemplated could not be completed by this date because of a request by the technical office for personnel normally assigned to subject task order to be assigned to higher priority tasks. Therefore, additional time is needed for the preparation of a final report.

In consideration of the foregoing, the completion date of Task Order No. 5 is hereby extended to and including 29 February 1960.

The total estimated cost of the subject task order is not affected by this extension of time.

Very truly yours,
